

18th March 2020

Dear Parents, Carers and Students,

this document contains information about physical packs of work that will/could be provided to students in the event of a forced school closure. We will start to distribute packs of work as part of preparation planning. Students should store any work given safely until school closures are made (assuming it is looking likely that this will happen at some point). If students are absent through self-isolation and have been given any packs already they can start working on these. We are working currently on online availability of these packs and further information will be circulated when we can.

Best wishes,

Mr Shaw
Principal
